Clark Griffith Hands Out Big Boost to the Indians

Cleveland, June 10.—Who says the Indians will crack under the strain and hit the toboggan when the other teams strike their gait?

Clark Griffith doesn't.

The leader of the Washington Nationals predicts that just the opposite will happen and that the Indians will get better as the season advances.

"Lee Fohl's team is right up at the top and that the Indians will get better as the season advances.

"Lee Fohl's team is sure to keep going.

"There isn't a more dangerous outfit in the American League and I regard the Indians as the best team in the West. The Red Sox are the Eastern team that must be beaten to win the flag.

"Why should the Indians will? They have one of the greatest catchers that ever went behind the bat. Ray Schalk, of the White Sox, may have the edge on Steve O'Neill in batting and base-running, but on the defensive. O'Neill has the shade on Schalk, if there is any. Steve is a bit better in throwing to bases and blocking his man at the plate.

"There's no reason why an infield with such wise heads on it as Gandil, Turner. Chapman, and Howard and a live youngster like Wamby should crack. And to this much better than last season, so it shouldn't be surprising if he pulls his mark over .300 for this year.

"All of which means that he will soon be hitting considerably over that percentage, as his stick-work for the last part of the season is held down in general total by the early batting.

"Add to this the fact that in a very few days Cleveland will again have in its in the business, Ray Chapman, who hits around .250 and is as speedy as any of

Grotto and Shrine Nines Prepare for Ball Game

There will be a hustle and bustle in the ranks of the Maconry this week. All the members of the order, especially the Shrine and Grotto, which will furnish the opposition, are looking forward to the annual baseball game, which will be staged at American League Park Saturday afternoon, starting at 3 o'clock.

While the rank and file is keyed up to a high pitch over the contest, those in direct charge of the combat are so buslly engaged in perfecting their forces and plans, that they have little else to think about or do.

Dr. Mark E. Finley, who has charge of the big auto parade, and his assistants, E. P. Hazleton, C. C. Coombs, Bert V. Wilfe and G. A. Von Dachenhausen, are numbered among those that are not letting "any grass grow under their feet." It is expected that more than 200 autos will be in line. Those who do not see fit to use their own cars, and those who are not affected by the high price of gasoline, will be accommodated in sight-seeing machines.
